

Central Steels Call Off Saturday-Sunday Games

There will be no semi-pro baseball at Massillon on either Saturday or Sunday. The high water in the Tuscarawas river, the result of the heavy rains, has resulted in the cancellation of two important games by Manager Textor, of the Central Steels.

The White Autos, of Cleveland, were scheduled for the Saturday game against the crack Massillon troupe and the Klein Chocolates, eastern semi-pro champions, were booked for Sunday. Both are important games but Textor had no alternative. He was forced to can-

cel the engagements Thursday night when it became certain that the high water would not recede in time to put the field in shape. The

overflow from the river put seven feet of water on the field, with four feet in the grand stand.

Toxter is now burning the wires in an effort to book a high-class game for the following Saturday and Sunday. He is after three clubs—Klein Chocolates, Cincinnati Norwoods and the Dayton Marcos, a colored crew. The Kleins and Norwoods are among the foremost independents of the country, while the Marcos are leading the colored league and recently defeated the Chicago Giants in three straight

games, the first time that feat had
over been accomplished.
