

RUBE FOSTER, BULL OF BASHAM

Leaders of American Giants, who will invade Indianapolis Sunday Foster's club is leading club in league. They have won: Five straights from Kansas City,

4 from Cuban Stars, 1 out of 5 from St. Louis, 1 from Chicago Giants and broke even with Dayton Marcos, and handed A. H. C.'s three crushing defeats the past week. He has been the guiding star.

Foster Biggest Speculator Ever in Game

All the big money deals engineered in colored base ball, he has been the guiding hand. Last season, he paid \$1,750.00 for Navin Field two days, and made over \$1,000.00 on the venture. He has refused \$2,000.00 a Sunday to play his club East. Taylor offered Foster percentage on 12,400 paid admissions, rain or shine, to come to Indianapolis, yet Foster refused. Said he would gamble on his chances. The big fellow is lucky in his ventures, and always has proved his judgment.

once accepted was the best thing.

Colored Base Ball Lucky to Have Foster

All the managers through the Western circuit are prizing Foster. They unanimously claim that his wonderful resources are unbelievable. May and June, considered 'bad' base ball months before, Foster has manipulated the clubs, that up to date, not one of the Western clubs has received less than \$1,000.00 for each Sunday this season. Each city is drawing better than, at any other time in the history.

Foster's Club Biggest Drawing Card in Base Ball.

The American Giants, under Foster, have proven time and time again, that they are the best card in base ball, and when they appear here Sunday, he will be greeted by the largest attendance that have ever seen two clubs of color battle. People who never see games, always go when Rube comes to town. He has a following of ministers, doctors, lawyers, teachers and from every profession and all walks of life. He has the confidence of all that has ever met him. His

friends are numbered by the millions.
Fans here are waiting to see him again.
Indianapolis opens her doors to him.

JAMES BROWN

James Brown, catcher of the American Giants. This Star will be seen here in action with the American Giants. He has no superior as a catcher, he is sure death to base runners. Fans of Indianapolis will have their first time to see him in action. Those of us who journeyed to Chicago are sorry we saw him among the saddest, Clarke, Shively and Charleston.
