

## SOUTHERN LEAGUE

Nashville, Tenn., April 16.—The White Sox, this city's representative in the newly organized league, have had several very hearty workouts recently, and the men whom we have signed have shown an unusual amount of class. With the material that we have at hand we look to have a very prosperous season, both on the field and in the financial end. We expect to have Taylor's A. B. C.s as opponents in the near future.
