

HILDALE READY

Darby, Pa., April 23.—Hildale warriors have been working out all week and will be on exhibition at Dobson park Saturday, April 24. Bolden called club meeting to order and with the boys clustered around him pictured the rapid advance of the famous Hildale organization, the necessity of discipline, clean living, harmony, and daily practice in baseball in order to accomplish the task of perfecting the great machine.

Captain Francis also arose and gave the boys a short talk on inside strategy and simplified the fine points of the game. The boys proceeded to the park and got a glad hand from the fans, who had assembled to satisfy their curiosity in the line-up and see the first public work-out. The infield is Allen, Downey, Lundy and Francis. Santop, the best catcher, arrived late, but in condition. Cockrell and Whitworth, pitchers,

Flourney and Stark are working hard to show they have the class. Bart Johnson and Roberts, outfield.

Opening game at Hilldale Park Saturday, May 1. Nativity will be the attraction and the famous Keystone band will furnish the music.
