

ON THE CIRCUIT

All the circuit teams were up against each other here on Decoration day and they ran off some mighty good games, many going into extra innings. But the most satisfactory part of the whole affair is the fact that 68,000 persons paid to see the circuit teams perform. When the Taylor A. B. C.'s show up in Chicago Sunday, June 13, all records for attendance are expected to be broken. With Charleston, perhaps the greatest player of the Race, going like a house afire, the A.'s are drawing big everywhere. Taylor's gang holds the record for big drawing, or did until the Cubans drew out 16,000 here at their recent appearance. Taylor would have beaten that some years ago, but the fans broke down the fence and hundreds came in without the count. At that they played to 15,000. All previous records are expected to be smashed Sunday, when the A.'s show. If the St. Louis Giants

have a leg to stand on when "Rube" and his gang are finished fighting them, they will jump over to Kansas City, where, starting Saturday the 12th, they play the Monarchs for five days. Needless to say, they will meet with stiff opposition, for the far west crowd is putting up a nifty game.
