

# DETROIT STARS WILL REPORT LAST OF MARCH

Detroit, March 12.—The Detroit Stars, owned by Tenny Blunt, with Pete Hill as manager, will report for orders March 29 for a try-out. Over 25 ball players will be on the ground to work for positions. Blunt returned recently from Kansas City, Mo., where he placed his team as a member of the Western Circuit National Baseball league. The outlook is very bright for a great season in this city. The Stars last season were one of the most talked of teams in the United States. They played to 16,666 paid admissions. Among the old favorites will be Pete Hill, Bruce Petway, Edgar Wesley, Joe Hewitt, Frank Warfield and Mack Eggleton, the lat-

ter having been secured from the Dayton Marcos. Whitworth, the big ace of the American Giants, will be seen with the Stars. Roberts, the eastern crack, and Holland, a young pitcher of great promise, will assist the pitching staff. The outfield will have "Jimmy" Lyons, Lefty Hill, Boyd and Pete Hill. Bert Barton has been re-elected secretary of the team.
