

A. B. C.'S WIN

Indianapolis, Ind., May 14.—A crowd estimated at 10,000 saw C. L. Taylor's A. B. C.'s win from the Cuban All Stars at Washington Park, the 6 o'clock closing law halting the second scrap in the sixth. This is the largest crowd that the local Colored stars have ever played before in Indianapolis.

It was Centerfielder Charleston, the "Black Ty Cobb," who saved the day for the A.'s. Three sensational catches, one of them coming in the ninth inning with two men on and two outs, were made by the speedy gardener of the local team. In this inning the Cubans started a rally that looked dangerous and it was Pitcher LeBlanc, one of the heavy hitters with the visitors, who drove a long fly to deep center with two on. Charleston, with his back to the sands, leaped high in the air to pull down the ball, and so delighted were a number of the A. B. C. followers that they ran out on the field and greeted him with hands full of

money. Charleston also had a big day at the bat, getting two blows in each contest.

Brilliant fielding plays by both clubs more than once brought the large crowd to its feet.

Dicta Johnson seemed to be the master of the All Stars with men on bases and once or twice when he did seem to throw a few over the plate to the liking of the Cubans some member of "C. I.'s" club would go to the rescue of Johnson with a speedy play. Le-Blanc, visiting pitcher, not only twirled a good game, but connected with two hits.

Next Sunday, the Kansas City Monarchs will perform against Taylor's club in a double-header. Mendez, famous Cuban pitcher, and John Donaldson, formerly with the A.'s, will be in the line-up of the Monarchs. The scores:
