The league will take in six clubs, each one showing a strong lineup of professionals. Members of the organization will be San Diego, Alexander Giants, a colored team; New York Lincoln Giants, San Pedro, Dyas and Universal City. The schedule will continue over Feb. 22, thus giving Southern California fans a long run of professional baseball this winter.

The return of the Giants here Sunday will be acclaimed with great joy by baseball bugs. They gave San Diego a battle each occasion—the standing being one-all.
