

BASEBALL FANS TO SEE GREAT BATTLE

**Lincoln Giants, Champion Colored Team
of America, Will Play Urbita Stars
Here Tomorrow**

One of the largest crowds that has ever attended a baseball game in this city is promised for tomorrow afternoon, when the Urbita Stars meet the famous Lincoln Giants, of New York, on the Evans park diamond.

Baseball fans who have followed the games played by this famous colored team are familiar with the record they have made since coming to Southern California. Every winter league team has been bowled over by the colored stars, and these teams have been made up of stars that have made great records in the big and major leagues.

Slim Love, formerly with the New York Americans, is scheduled to pitch

for the Stars, while Hubbard, the colored Alexander of baseball, will do the pitching for the colored team. Riverside fans who like to see a great team in action and enjoy at the same time some great diamond comedy will do well to see this battle. The game will be called at 2:15 sharp.
