

MACON "GIANTS" PLAY 2 TO 2 TIE

Atlanta's "Black Crackers" and Locals Play Ten Inning Game.

The Atlanta "Black Crackers," the only professional colored team to ever play in Macon, played a ten-inning, 2 to 2 tie game yesterday afternoon at Central City Park, with the Macon "Giants." The contest was bitterly fought and well-played throughout, the opposing slappers being in fine trim and holding the wielders of mighty bats at their mercy.

Lefty, pitching for the Macon team was pitted against Gisentaner for the visitors, and both dealt out a bewitching brand of curves, hooks and fast ones, so much so, that only seven hits were recorded during the entire ten innings of play. Of these, the visitors secured three.

The Macon team got away to a good start and appeared to be out to win in

the first frame, two markers being chased across the platter before the visiting team could settle down. The first inning was the only time that the locals were able to locate the delivery of Gisentaner and their efforts for the day went no further than the registering of these two counters.

The "Black Crackers" scored one counter in the fourth and dented the platter for the last time in the seventh.

The second game of the series will be played today. Only one contest will be payed.

A large number of white fans as well as colored people witnessed yesterday's fray and an even larger number is expected to be on hand today.
