

# KNOXVILLE GIANTS FORFEIT CONTEST

After playing ten innings of the fastest baseball that has ever been played at South Side park, the Knoxville giants withdrew their team from the field and forfeited the game to the Gray Sox, 9 to 0

The game, as far as it was played was very exciting and the work of Young for the locals was the feature of the game, especially in the tenth inning, when he let the bases fill with no men out and then retired the side without a score.

The locals staged a rally in the seventh and scored two runs and in the eighth they scored three and tied the score. In the last half of the tenth with two men on bases and a close decision by the

umpire at first the giants left the field and forfeited the game.

The work of Mattox the one armed wonder, who played center field, with the bat was amazing and he received much applause from the bleachers every time that he came to the bat.

Jones started the game off fine for the visitors and up until the eighth inning he pitched air tight ball but in the first of the eighth he was relieved by Moore, a south paw and the locals then made the runs that tied the score.

The winning of Saturday's game only leaves one game between the Grey Hox and the Giants who are leading the league

Today's game will be pitched by Steel Arm Smith of Knoxville, and Streeter for the locals Both are south-paws The game will start promptly at 4 o'clock.
