

# CUBANS AND GIANTS READY FOR SERIES

The Cuban Stars arrived in town last night ready for the semi-professional World's Series games which begin this afternoon at the American League Park with the Brooklyn Royal Giants who are expected to arrive this evening.

During the season the Cubans have defeated practically every formidable semi-professional club in this country with the exception of the Brooklyn Royal Giants, and they are anxious to take the Brooklyn boys' scalps before returning to Havana. The Brooklyn Giants are equally anxious to take the series in order that their claim to the semi-professional championship will be undisputed. The winners of this series will cross bats with Noe Judge's All-Star Professionals the first week in October.
