

BROOKLYN GIANTS BEAT CUBAN STARS

The Brooklyn Royal Giants, considered the best colored team in the United States, defeated the fast traveling Cuban Stars from Havana, 4 to 2, yesterday at American League Park, in a game that was hard fought from start to finish. This is the first game of the semi-professional colored world's series and the second will be played this afternoon between the same two teams.

The Islanders scored first blood in the third frame and their last in the fifth. The Giants staged a rally in the last half of the fifth netting them four runs and the game. Lloyd at short and Miller at third, for the Giants, were the stars. The score:
