

Chicago, Sept. 24—The American Giants, considered the weak sister of the League, after disposing of Whitworth, leading pitcher of the world, Francis Star, 3d baseman, Barber, crack outfielder, Charleston greatest outfielder in the world, their chances did not even look encouraging, but when the gong sounded, Foster surprised the base ball world with a machine that has never been surpassed in Chicago, by any of the great clubs he has handled.

American Giants have defeated every club in the league, winning 4 out 7 from Detroit, 9-out 12 from St. Louis Giants, 9-out 10 from Cuban Stars, 11-out 15 from Kansas City, 8-out 9 from Dayton, even Chicago Giants have not beaten

them one game. So no one can say
it was a flash in the pan, but the
best club in the circuit.
