Waco, Texas, May 8.—Waco Navigators will cross bats with Black Senators Sunday and Monday.

Manager J. H. Fluis, asserts his bunch will give the visitors from Austin, one of the toughest scraps they have ever encountered. Both manager, Fluis and captain, J. H. Blackmon are building the club each day and will make a strong bid for the flag. They are gradually whipping together one of the strongest machines in the state.

"Steel Arm" Davis, the big left

hander is going like a house afire. Big Arthur Hicks, right hander, one of the best in the business. H. Reed and E. Edwards make up the balance of pitching staff.

Waco has six games at home and expects to cinch four before hitting the trail around the loop. Watch for results of the games.
