

BACHARACH GIANTS HERE FOR TWO GAMES

Will Play Twilight Game at 6
O'Clock This Evening.

The Bacharach Giants will play here this evening and Saturday instead of one game tonight. They will play Saturday instead of the McAndrews and Forbes team which, while an excellent ball club, is not generally known in South Jersey.

Millville will face the Giants with a strong ball club this evening and if "Rube" Chambers is going good, there is no reason why the locals should not take a fall out of the colored wizards. "Linnie" Frost of Trenton, fam-

ed as a basketball player who also has a reputation as a catcher will do the catching. Frost was considered the best backstop in the Tri-State and is at present leading the batters in the Delaware River League with average that is close to .500.

Hopkins has a bad finger and has been unable to throw in the last few games. He split the finger in the last game in Atlantic City and it has bothered him considerably.

The local management has made Scott Perry who has jumped Connie Mack's Athletics an excellent offer to hurl the Saturday game against the Giants but last night no reply had been received from him.
