

# **Black Champions**

## **Of the West.**

The famous Topeka Giants have returned from their miraculously successful trip. They will play the Chicago Union Giants three games next week, also a game at Tonganoxie, one at Baldwin and one at Valley Falls. This time they intend to even up matters with the Chicago Giants, for they cannot forgive them for beating them, it only once, and that time a close shave.

The Giants have played altogether this season 110 games, out of which they have lost only sixteen, a here-

tofore unheard of record made by any team, giving a percentage of 85.4. They will further try to break the record by winning one hundred games before the season closes. This may sound like a fairy tale, but, remember, these are Jack Johnson's Giants. That accounts for it.

The following is the score:
