

WILL STRENGTHEN TEAM FOR SUNDAY

Hayes Wheels Anticipate Bitter Struggle With Col- ored American Giants.

Anticipating faster opposition than usual, the Hayes Wheels are to strengthen their team for Sunday's game with Hackley's Colored American Giants, by the addition of a speedy third baseman to fill the place made vacant when Mike Griffon went to Camp Custer to serve in the national army.

The Hayes management considers itself fortunate in securing a game with the fast American Giants, not only because of the demand being made for this organization's appearance in several Michigan cities but because of the fact that it is a team composed entirely of colored players who mix comedy with baseball. This nine carries several accomplished comedians, who have scored decided hits wherever they have appeared.

At the present time the Giants are touring in Indiana and are making this jump into Michigan on the strength of a substantial guarantee.

The double attraction of baseball and comedy, it is believed, will draw a particularly large crowd to the Hague park diamond next Sunday afternoon.
