

COLORED GIANTS LINING UP TEAM OF STARS FOR SUNDAY

Mart Cleary's Insurance Men
Will Face Crack A. B. C.
Battery, of Indianapolis,

PLAN A WARM RECEPTION

As the days roll by and bring in more dope as to the preparations of the famous Colored Giants to defeat the Lincoln Lifers next Sunday it presents a glowing fact that the insurance men are in for a real battle Sunday. Though the game was booked with the Colored Giants, it begins to look as if the famous A B C. team of Indianapolis will be very well represented when the game is called Sunday. Manager Taylor, of the Indianapolis team, was in Fort Wayne yesterday and made the assertion that after next Sunday the Lincoln Lifers would be a defeated ball club.

His team will play at Detroit on Saturday and will stop off here on their way home. Their crack battery will take care of the heavy work and it would not be a surprise to see several more of the Capital City stars in the lineup.

That the colored battery will be able to hold its own against the Lifers is evidenced by the fact that the Indianapolis club is a member of the National Colored league composed of the Leland Giants, of Chicago, the Cuban Stars, the St. Louis Giants, the Dayton Marcos and a number of other fast clubs

Out to Win.

The backers of the colored team are out to put a crimp in the machine of the Lifers and are sparing no expense to build up a club that will turn the trick. 'Hee' Seldon, the lightning shortstop from Van Wert, will be on deck. Seldon formerly played with the Leland Giants and the Dayton Marcos but returned to Van Wert to take care of his business. 'Demon' Halthcock, of Lima and Riddies, of Defiance, will both grace the lineup. 'Little Pete' Barker and Suggs, the latter formerly with the Louisville White Sox, will also be on hand with a number of other imported stars.

Lifers All Ready.

The Lincoln Lifers expect a hard game but the boys have been hitting

the ball hard during the past few weeks
and will give the imported star bat-
tery an exceedingly warm reception.
