

The arrival Sunday night of the Knoxville Glants, a colored team which has so far been victorious in every game played, brought to light a curiosity in the way of a pitcher. The visitor's first string pitcher is a one-armed man! And this same single-finned flinger flung the Columbus colored team to a 3 to 0. defeat Friday. The day before the Knoxville team beat Columbus 5 to 0. Today Manager George Timlic will start a four game series with the crack aggregation, the first game this afternoon at 4:30 at Prince Albert Park. Another game will be played tomorrow and the last two Friday and Saturday. A section has been reserved for white patrons.
