

## **Browns Will Play Nebraska Indians.**

The Columbia Browns will play an exhibition game with an Indian team called Green's Nebraska Indians on Rollins Field at 4 o'clock Friday afternoon. This is the first time that this team has played in Columbia, although they have been touring the country since 1897, winning 75 per cent of the games played. Last year they played 105 games, won 79, lost 22 and tied 4.

The Browns will play Centralia next Sunday on the regular Central Missouri League schedule. Captain Taylor of the Browns says that there will be a change in the line-up and that several new players will be tried out. Moberly will play Mexico at Mexico on the same day.
