

## Base Ball Dope.

The All-Stars and the Indians played the last of the three game series, the All-Stars winning 5 and 2. The All-Stars took the big end of the series winning two and losing one.

As Mr. Campbell called the game Sunday, Mr. Ware and Mr. Stratton had a short talk the Indians were wondering what was going to happen and then in a few minutes you could see them laying it down and slowly walking away. Mr. Ware still crying shoot at him cap I am your target. Old George Mayberry in the grand stand having his fun-schaffer John on second, better known as Texas Kid hollering, let him run.

The All-Star backers in the grand stand sitting level brim, captain street in short hollering, I'll take him.

I love my sweet heart, but oh you Nationals, you hard-hitting Nationals, you all-round Nationals and soon Manager Ellison has just signed up a New South paw. He is just in from California. The boy is a bird.

Mr. Boyd, the big Negro Ty Cobb, of the Capital City League is developing into an outfielder. The big boy says he is no outfielder, but will make all of them call him Mr. Boyd.

Manager Ellison is out trying to

hire some one to fool the Sox out to Greenwood Park Sunday. Anyone wishing the job apply at 1410 Grant St., Samuel Ellison.

Mr. Williams says if the boys gives him his brandy he will sit them down in order.

Umpire, Campbell-Green.

Wm. A. Glenn, Scorer.

Mr. W. King of the Champion Sox is playing a great game in rightfield and is hitting the ball hard. He is one of the most feared hitters in the league.

—0—

Mr. Thomas Amous, the Sox's utility man is a cracking all round Ball player and can fill any position on the diamond. He is from the St. Louis Giants and knows all the points of the game.

—0—

H. McGavock, of the Sox has not rounded to born in his fielding, he will strike his stride soon.

Come on Hub, you are a star.

—0—

Kid Moorman will pitch Sunday against the Nationals. He is a great pitcher and will be up among the leading pitchers of the league.

Mr. Webster, better known as Shot, has had a trial with the Louisville White Sox, He failed to make good and is back again with the Nationals.

Mr. Ellison put lots of faith in Mr. Merritt, The Star south paw of the Nationals who has just come in from California. The kid is anxious to play and is sure to make a winner. Captain Hurt is waking up now and is sure to make it hot for the boys. Please don't forget Maury.

BASE BADL NOTES BKQ WILLIAM  
A. GFLENN

There was plenty of dope for the fans to read last Sunday. The dope that Manager Ellison had in about his \$5000,00 infielder makes the fans stop and think. I wonder what that Black Sox infielder cost Manager Stratton. It must be better than Ellison's, from where it stands in the clubs percentage.

—0—

McGavock of the Sox is undoubtedly the best fielder in the league. He is hitting over the 300 mark and is a fast base runner and sure hands it back to Ware from any part of his position.

—0—

The Black Sox's infielder is built like a brick wall. There is no way to get it by and if they go over, don't fall on that tange foot fly paper on the other side. McGavock, Carpenter and Jones is the name of it.
