

### **Cubans to Play Giants Sunday.**

The Cubans are to play the American Giants on Sunday. This will be the second series of games between these two teams. "Rube" now has confidence that he can beat the Islanders and a battle royal is expected.

Col. Franklin A. Denison was the guest of the "war correspondent" in his box on Sunday at the double header. Miss Martha Bailey, of Flint, Mich., was in the party.

All last week there were White Sox, Cub and Federal players at the games of the Cubans Giants. The Cubans are great drawing cards. They play from the beginning to the finish.

Mrs. Bessie La Bello (Malone) made a flying trip to Milwaukee, Wis., last week, returning with two singers for the Ellis Cafe. She was entertained by Mr. Malone.

Even though they are not on their beat, there are enough policemen who visit the American Giants park to keep decent order among the loud mouth fans who are so annoying to spectators.

Frank Young, sporting writer of the Chicago Defender was in the Defender box on last Sunday. "Young" is regarded as one of the best sport writers in the country, at least it shows in his paper.

"Rube" put up a great "stall" on Sunday sparring for time—darkness was near and in the next inning the game was called. We all take our hats off to Mr. Foster for he "has all parts of 'em."

Lloyd and his New York team will be here July 29. Lloyd will be remembered as America's greatest short-stop and was with "Rube" last season. This will, undoubtedly be the biggest attraction of the season. Get your seats ordered now. Box seats 75 cents, grandstand 50 cents and bleachers 35 cents.

It's amusing to see the Cubans go up

in the air, then they get to scrapping in the air, then they get to scrapping a fly in center field. When he came to bat "Umps" called a strike, he fumed and what he said in Cuban we were not close enough to hear. At any rate it was enough for Geokle to send him to the bench.

Mr. James H. Cross, No. 1284 of Fire Company No. 21, is the fireman under Acting Lieut. Ramsey stationed at the American Giants park. The city now requires that there be no standing in the aisles or passways at all public places, and Lieut. Ramsey and Mr. Cross are the men there and no better ones could have been selected. Chief O'Connor knows the right men and we thank him for them.

Mr. Foster and Mr. Schorling should instruct the policemen to keep some of those loud mouth fans from being unnecessarily noisy. They will run people from the park. There was a time when hundreds and hundreds of white people and hundreds of respectable women came to see the Giants, but we miss a great many of them nowadays. It's all because the insulting remarks

made at players and plays. This could be done if they would put several out and return them their money. Every man has a right to keep his place respectable at any cost. We urge Mr. Foster and Mr. Schorling to try this. It will pay. They could be made to be as orderly as those who attend the White Sox park.
