The schedule of play for Sunday calls for a clash between the two league leaders. The P. L. & P. club meets the Pasadena team on the Crown city diamond. Arkenburg will be on the hill for the Pasadena team and will be opposed by Clendenning, who has been going good for the Power boys' club.

The schedule of play for the 15th is as follows:

Pasadena vs. Pacific Light & Power, at Pasadena.

Western Billiards vs. Santa Barbara, at Santa Barbara.

Pacific Electrics vs. Sherman, at Sherman.

Eaglesons vs. Southern Pacifics, at Marchetti park.

Tufts-Lyon vs. L. A. White Sox, at Maier park.

San Gabriel vs. Brea, at Brea.

"Lefty" Schatzlein, who has been released by Manager McCredie of the Beavers, will work against Humphries of the Firemen-Eagleson team next Sunday at Marchetti park for the Southern Pacific team. Johnny Underwood, the hustling manager of the S. P. team, signed him as soon as he heard he had been released.

Manager Bacon of the Santa Barbara team is in the field for a short-stop to strengthen his club for the Southern California race. Any short-stop who is out for a position can communicate with Rafferty at Spaldings'.

Catcher Slater of the Brea team is hitting like a fiend for the "well drillers," his work with the stick being a feature of the first three games of the Southern California league in the oil town.

Ford Talley, the former Poly chucker, who is doing the mound duty for the Tufts-Lyon team in the Southern California league, is doing great work. He holds the record for strikeouts in the organization.

Manager Urey of the Pasadena team has signed Dick Hillman, former San Pedro star, to hold down second base for the Crown city team.

The Santa Barbara team of the Southern California league gave the Santa Barbara division of the naval militia a great sendoff when the organization left for the front. Manager Bacom presented them with a large number of bats and balls so they can engage in the national pastime when off duty.
