

Manager Adams, of the Pollock Tigers, has arranged a game of ball with Brown's Tennessee Rats for Tuesday, July 13th. This is a colored traveling ball team and are said to be experts in the game so there is apt to be some excitement in Pollock on that day.

Is Pollock going to have a baseball tournament this year? There has been some talk of it and we believe it would be a good idea to carry the subject further. Pollock was never known to do anything by halves in the line of entertainment, and we think it can arrange a ball tournament this year that will eclipse those of former years.
