

## CHARLESTON ON WORLD'S CHAMPS.

### Famous Colored Hurler With Crack A. B. C. Team.

Baseball fans will be glad to learn that Oscar Charleston, the famous colored pitcher who was in the islands several months back, is a member of the baseball team which this year won the world's championship for colored nines. The aggregation is known as the Indianapolis A. B. C.'s, and Charleston plays center field on the team.

In a letter to Nimrod McKinney, the local broker, Charles wrote on October 4 that his team was to leave shortly for Cuba, there to play a series of games.

It will be a surprise to the fans to know that Charleston has given up pitching and gone into the field, but everybody knows that he is the boy to make good in any position. There were few more popular baseball players in the islands than Charleston, and we believe we can speak for all the fans when we wish him luck.—From the Manilla Times.

Charleston was a member of the Twenty-fourth Infantry, stationed at Manilla, P. I. He will play with the New York Giants next season.
