

RUBE FOSTER'S AMERICAN GIANTS MAY PLAY HERE

Indianapolis A. B. C's. to Play Foster's Champions May 30, 31, and June 1, at Chicago.

Special to The Freeman.

CHICAGO, Ill., May 19.—"Rube" Foster's famous American Giants are yet in the city and all Chicago is making preparations to see the three great games that are scheduled to be played here at the White Sox old grounds, located at 39th street and Wentworth avenue, May 30, 31 and June 1, between the clever A. B. C's of Indianapolis and the American Giants of this city. Also, ball fans of Indianapolis, it is said, are equally as anxious to learn the date to which Foster's crew will visit the Hoosier capital as some very strong "ball tossing" is expected of

both teams since the ownership of the Indiana club has secured such an efficient manager and player as C. I. Taylor, former manager of the West Baden Sprudels. It is expected that a large delegation of fans will come from Indianapolis to the "Windy City" to see one of the hardest baseball battles ever put up by colored players in Cook county. Manager C. I. Taylor has secured some of the best players obtainable for the Hoosierites and will come to Chicago to win every game from the famous American Giants. "Steel Arm" John Taylor, the well known pitcher, will go on the mound to win for the clever A. B. C's and, in case of emergency, will be re-

Heved by a "dark horse" whom base-
ball experts have claimed to be a
wonder at his position in the great
national game. Rube Foster's team is
said to be the greatest organization
of ball in this country. Both teams
should be a great attraction the season
out.
