**CAPITAL CITY LEAGUE CLOSES—  
BLACK SOX WIN PENNANT—  
SUCCESSFUL SEASON.**

(By W. H. S.)

**NASHVILLE, Tenn.** — (Special) — The season of 1914 is now Capital City League history. All games have been played and the honors given those who achieved them. The Black Sox won the pennant, the silver cup offered the best team. All season the Athletics, last year's champs, played close on the heels of the Sox and had it not been the case that the Sox

played consistent ball from the beginning, a different story would have to be told.

The Sox had the good fortune to keep their club together all season, never being forced to use a very ragged lineup and as a consequence excellent team work was perfected. The Athletics suffered by reason of the loss of one or two strong players like Downs and Davis, while all the other clubs were continually shifting and changing.

Financially the league season was a big success. Outranking last year by one hundred per cent, the officers are much encouraged to go forward another year. Eight clubs will comprise the league next year. Only six entered this season—two of them, the Southern Stars and Globe failing to qualify at the proper time. The standing of the clubs showing how they finished in the race is given here:
