

Play at Hub.

Saylor Long of Hammond took part of his all star aggregation to Crown Point yesterday afternoon, where with a number of the Hub team, they trimmed the Krit Giants by a score of 12 to 1. Henning, who did the slab work, loomed up stronger than ever and promises to hand out some teasers this season. According to reports he did not even warm up and part of the time had the Giants eating out of his hand. Next Sunday the Hammond aggregation will open the season with the American Giants at Chicago, and will endeavor to bring back a victory like they did last season. A large crowd of fans are expected to take in the game at the old White Sox park, and arrangements are now being made to run special cars over the South Shore. A week from Sunday they will travel to Michigan City.
