

### Towner County Notes.

Egeland, N. D., May 7.—To The Forum: The first ball game of the season was held here last Monday between the Egeland nine and a team called the Tennessee Rats, a colored organization. The score never was in doubt for the colored boys had the local's goat at all stages of the game. The local team is badly in need of a battery and enough money has been raised by subscription to pay a good man if one can be found.
