3.00 p. m.—Grand Parade of Blooded Prize Winners.

SPECIAL FAIR NOTES.

Races will be started by W. C. Robbins, the veteran starter.

Teams will enter at the main entrance as usual, but the general driveway will be down the North side of the grounds. This was made necessary by the great congestion caused in recent years by teams passing up and down the Midway through the dense crowds that gathered there. The new arrangement will be much safer and much more convenient.

—

Automobile headquarters will be directly opposite the main entrance which will prevent any confusion at the gates. See announcement elsewhere.

—

Entries for the races close Tuesday, August 8th. The list of entries will be issued Thursday night or Friday morning.

—

Every indication points to a record breaking Fair. Crop conditions appear to be excellent.

—

The Fair officers wish to thank the citizens of Mineral Point for the splendid manner in which they turned out and made the Excursion of August 3,—the greatest advertisement that any fair ever had. The trip was a howling complete success from start to finish.
