

Base Ball Notes.

Manager Zink and Frank Woods were at York Monday, helping to arrange the schedule of games for the State League.

Manager Bill Zink has sold Campfield to Dayton, Ohio. The Indian, Pete LaFlamboise has also been offered to Dayton.

Seward will have an Indian in the team. John Crowe, who played at third for the All Nations here last spring, has been signed for this season by Manager Zink.

At a meeting of the directors of the Mink league held at Falls City, it was decided to abandon the league. Manager Zink will probably go to St. Joe tomorrow and pick up some of the good ones who are now left free to go where they please. There were some real ball players in the Mink league and its disbanding opens up a good field in which to pick good material.

Presidents or representatives of the state league base ball teams of this

state, met at York on Monday to arrange for the games this season. All of the teams voted to adopt the Borden schedule. This gives Seward twelve Sunday games instead of ten as last year. Seward gets a double header here with Columbus on July 4—maybe the American Eagle will not lose a few of its tail feathers on this occasion!
