

Tennessee Rats Scalped

The fast colored base ball aggregation which camped in our city last week Friday were trimmed up by 8 to 14. Loutzenheiser was on the slab for the locals while Ramsey done the receiving at the other end, and it sure seemed like old times to see Claud once more behind the bat. Philip scored in the first and held the lead for a few innings and then the brownies had a batting streak and before the locals could stop the slaughter 8 of the dusky ones had crossed the plate and it looked for a time as though the game was cinched. But the Philipinos became hammering the horsehide sphere and shot past the visitors and run the score up to fourteen runs. Loutzenheiser showed up good in the box and aside from a wild spell occasionally, pitched good consistent ball. Ramsey's catching was good and the error column small for the locals while the coons had a small basket full. The crowd was small but those

who attended got there money's worth. With the exception of one decision the umpire showed himself to be fair and impartial. The colored boys seemed to be quit good natured fellows and played clean ball. Remember the next game with Brushie on July 10th.
