

Verona's knights of the diamond came down Sunday to take on the Oakes aggregation of base ball artists, and went home elated with the long end of a 10-2 score, after a rather one-sided game. Verona has a salaried battery this year, their pitcher being a gentleman of colored persuasion who is reported to have been on the staff of the Winnipeg Giants last year. Even so, he was touched up for several nice hits, but lack of practice or a strong battery kept our all-home nine from holding their own. Peterson and Ernst did the twirling for the locals, with Carl Bowerman behind the bat.
