

FEATURE GAMES OF THE SEASON HERE JUNE 5-6

Winnipeg Giants Booked to Play Here Saturday and Sunday.

One of the most high-powered ball teams in the northwest, the Winnipeg Giants, has been booked to play here against the local team Saturday and Sunday. This team has been secured through the National Association of the Colored Professional Baseball clubs by John Fadden, manager of the Grand Forks club, and is composed entirely of black men whose color prohibits them from playing in the big league clubs.

The Winnipeg Giants are under the direction of Rube Foster of Chicago and know baseball from A to Z. The Grand Forks club is planning on showing them the best game they will play in their tour through the northwest.

Saturday's game is set for 6:30 p. m. and Sunday's game will be played at 3:00 in the afternoon. These are to be the feature games of the month and there is some doubt as to whether or not the grounds will accommodate the crowds that are expected to attend.

Fairchild will start the game for the locals Saturday evening.
