Popular Manitowoc Man Elected
President of the Lake Shore
League in Annual Meeting

UNION GIANTS MAY GET IN

John F. Herzog of Manitowoc was elected president of the Lake Shore League at the annual meeting at the Republican House in Milwaukee, Sunday. The new president, who was the manager of the twice champions of the league, had intended to step out of baseball this season, but was induced to act as the head of the league. Herzog has had a great deal of experience in minor league baseball and has turned down numerous offers to manage teams this season and ought to make a valu-

able man to handle the affairs of this league.

William Liebl was elected vice-president and John Kaiser, Jr., was re-elected secretary and will also act as treasurer of the league for the coming year. In order to avoid the calling of numerous meetings in the future most of the business of the league will be transacted by an executive committee. The committee which was selected to handle all of the matters that will come up will consist of President Herzog, Secretary Kaiser of Port Washington, and Directors Joseph M. Carney of Milwaukee and Peter Breen of this city.

The circuit will undoubtedly be the same as last season, Racine being the only city that is in doubt at the present time. President Herzog was instructed to visit Racine at once and look over the situation in that city. Manager Peters of the Union Giants of Chicago was present at the meeting and offered to take a franchise in case any vacancy occurred. He has an option on one of the finest parks in Chicago and would be a valuable acquisition to the league. The Sheboygan franchise over which there has been some dispute was awarded to the Sheboygan Athletic association.

All directors present reported that the prospects for a successful season looked promising in their respective
