

WATERVILLE, Minn., June 27.—The Colored Keystones of Minneapolis defeated the team of this place by the score of 8 to 4. The Waterville team went into the air during the first inning and the visitors scored six runs. After this inning the boys played good ball, knocking Desmondes out of the box in the sixth inning and scoring a run off Jessup, who replaced him. Frank Hoffmann of New Prague did the pitching for Waterville and threw a steady game, allowing a total of seven hits, while the Waterville boys collected nine off the two Keystones pitchers.

The Alexandria team met the Colored Gophers of St. Paul in a double-header at Alexandria on Tuesday, the first game resulting in a tie of 1 to 1, and Alexandria winning the second game by a score of 2 to 1. It was the fastest ball that has been witnessed in Northern Minnesota for many a day, each side playing an almost errorless game.

Manager Kehoe's Faribault nine will take on the Minneapolis Keystones this afternoon. The colored boys have had a

fine run of victories on their recent sojourn through the North and they will give the "Flecks" a merry fight for long end of the score.

• • •

Jackson will be detailed by Magnate Mitchell to curb the ambitious Faribault sluggers. The Flecks have won the majority of their games this season on account of their ability to hit the sphere. Should Jackson succeed in holding them at bay a victory for the local colored nine is assured.

Just who will be sent to the mound by Manager Kehoe is not certain. The Faribault team lost the services of Claud Lamb during the week. Lamb received a splendid offer to pitch for the Minot, N. D., nine and left last Monday for that city.

The Hankinson White Sox, lead by George Rendix, the former Minneapolis

pitcher, are giving the clubs of the Dakotas no little trouble. They proved their worth recently by downing the crack St. Paul Colored Gophers by a 4 to 2 score. The Oakes nine was given a 25 to 5 drubbing and the Fargo Cubs were taken into camp by a 4 to 3 score. The game with the St. Paul Colored nine was one of the best contests ever played on the Casselton grounds.

New Richland, Minn., witnessed a truly great contest last Sunday when the teams of Janesville and New Richland clashed in a fast and furious 14-

inning struggle. The famous McCleary was on the mound for the Janesville & Archie Pate, the St. Paul Colored Gophers' pitcher twirled for New Richland. Four hits were secured off each but McCleary fanned 16 batsmen while struck out nine. The base-running of Gilbertson was a feature. The work of the New Richland nine showed a greater flash of brilliancy.

The St. Paul Colored Gophers are showing great form in their tours of the Northwest. The team seems to be much stronger than the clubs of previous years. The Taylor brothers, a pitcher and a third baseman, recently secured from the Birmingham club, have added strength to Manager Reid's wards. Both are great ball players. Jimmy Taylor, the third baseman, is a lightning fielder, while John Taylor is a phenom in the twirling department.

* * *

"Duster" Garrison of the Gophers is doing splendid work on the mound. He faced the Hibbing club on three occasions and succeeded in winning all the games. He has not lost a contest this season.

* * *

The Gophers landed a prize winner when they secured Arthur McDougal, the hard-hitting shortstop. With his mighty batting he has clinched many a game. "Bobby" Marshall is performing in grand form at first. The fame he attained in athletics at the Varsity makes him a big favorite in every town and hamlet the Gophers appear.

* * *

The Gophers left recently on a five weeks' trip. They will cover every state in the Northwest. The St. Paul colored nine is preparing for a big series to be played at St. Paul with the famed Leland Giants of Chicago. A series of five games will be played.

Secretary Williams has a few open dates. He is desirous of hearing from all the nines of the Northwest.
