

❧ ❧ ❧

The season will open Monday, May 17th with the St. Paul Colored Gophers on Rehuke's Athletic field. This will easily be the star attraction of the season and everyone should see this world wide renowned team.

The Gophers will present a stronger line up this season than they have ever done before. Binga, the Minneapolis Keystones' star third sacker will hold down that position for the St. Paul aggregation and to see this man perform some of his stunts on the diamond is well worth the price of admission.
