

# MONTGOMERY SOX SWAMP CHICAGOANS

The Chicago Black Sox colored baseball club team was easily defeated Thursday afternoon by the Montgomery Gray Sox team by the score of 15 to 1, the visiting team putting up a miserable exhibition of the national pastime. Streeter, for the Gray Sox, was a puzzle to the Chicago players, and after the first inning he had his opponents at his mercy. Kemp, who started for Chicago, was easy pickings for the locals, and Smith, who succeeded him, could not check the assault.

Williams, Scales, "Red" Cunningham and Herman Cunningham carried off the batting honors for the day, the quartet had little trouble in hitting the ball, when hits meant runs. Streeter established a record on the local field when he pitched twenty consecutive balls for strikes, without having a ball called by the umpire. The Chicagoans came to the city highly rated, and are leading the league in the National league for colored clubs, but their per-

formance Thursday was the poorest seen on the local field this season. Nashville opens a three-game series here this afternoon.
