

GIANTS ANNEX ANOTHER

Tom Williams again proved to the fans that no team in the circuit has much of a chance to beat him when with but little effort he held the St. Louis Giants to two runs and a small smattering of hits, while his mates grabbed four markers and the second game. Torrenti and Dixon seized the opportunity for a fattening of the bat average and each one tore off a single, double and a triple. Many of the others took a part in the batfest and thus gave Big Finner a warm reception, this being his first show here. The Dayton Marcos will open here next Sunday and the fans will get a real run for the time spent at the park. The Marcos have already downed the locals and they believe they can do it again; at any rate, they have the talent. In Lane, Alexander, Britt and Winfield the fans will have a chance to see a quartet of batters that are not excelled in the circuit and the big first baseman, Hocker, also Jim Taylor, each

are liable to break up a game at any stage. The pitching staff of the Marcos is right up to the form of the best and from their recent showing against the locals it appears like safe and sane reasoning to figure them to have a real good chance to cop in the Sunday game. Score of Monday's game:
