

REPUBLICS OF ALMA WANT TO BE CONSIDERED

Can't See How Series Be- tween Detroit Stars and Maxwells Decides Title.

Alma, Sept. 5.—The Republics of of this city can't see how the recent week-end series of the Detroit Stars and Maxwells for the state semi-pro title can decide the championship. Their reason is that following the even split at Alma the Maxwells have not met the Republics in additional games, as had been agreed and because the Detroit Stars have not considered playing the Republics.

The manager of the Maxwells, when that team was in Alma, agreed to arrange dates in Detroit for additional games, but they were never forthcoming. The Detroit Stars never offered as much as a reply to the letters sent to them regarding games.

The Republics desire to make it clear that they are perfectly willing to meet either aggregation, or for that matter any other aggregation which believes that it has the strength to cop the semi-pro title.
