

## COLORED GIANTS WILL PLAY SERIES AT HIBBING

HIBBING, Aug. 20.—With a line-up able to clean up the majority of independent teams throughout the United States, the Chicago Colored Giants arrived in Hibbing today for a series of three games.

The Giants have not been defeated by a Minnesota team. That they will have their hands full with the Hibbing clan, is the opinion of fans here, who are confident that the locals will take at least two of the series if they don't make a clean sweep.
