

# **BROOKLYN ROYAL GIANTS, JOHNSON FIELD, TODAY**

**Colored Team from Way Down East Will Give  
E-J. A. A. Ball Tossers a Fast Contest;  
Scranton Here Saturday, Sunday**

The Brooklyn Royal Giants, a team of colored pill teasers from way down east, will be the attraction against the E-J. A. A. Big Team at Johnson Field this afternoon at 4 bells. The black babies from the Dodger section know the diamond game through the alphabet according to reports and an evidence of their prowess in the cow pastures can be imagined from their even break with Jeff Tesrau's "bears".

This team is rated as one of the fastest colored teams in the east and the hoof to foot artists will have to step some to collar the selected smoked pig belly from the Johnson Field smoke house this afternoon. The fans

are eagerly awaiting the game because they haven't forgotten the trouncing the last colored aggregation administered the local performers.

The second and third games in the money series with Scranton will be played off at Johnson Field tomorrow and Sunday. The E-J.s have taken one and the big money will be an incentive to take the rest in order as was done in Oneonta. If any Scranton money appears from under cover, it will not be begging.

This week-end program will serve to break the monotony and furnish some real pastiming for the fans who thrive on such sport.
