New York City (Special).—Continuing with their uninterrupted victories since the beginning of this season's baseball, the Lincoln Giants trotted home last Sunday with two more games marked to their credit. The first game which was played with the baseball nine representing the Street Cleaning Department, was captured after a tight struggle by the score of 3 to 2. The last tilt with the Trentons was won by the Lincoln's by the score of 3 to 1. While in the ordinary sense, the baseball nines of New York and New Jersey States are plenty strong enough to oppose the ordinary every-day team with which they are booked to play. The Lincoln's have proven time after time this season that they are as far in front of these other nines as far as class is concerned, as the Yankees of the American league show against Connie Mack's Athletics. For this reason it would certainly prove to be one of the best matches financially speaking, that ever bumped into by the Rube, if he will only consent to bring his American Giants to this city for a month or so.
