

Local Giants Start Work.

Yesterday the Washington Giants began practice at Union League Park, which has been obtained by them for all Sunday and holiday games, beginning May 5.

The team will be captained by Clark, last year with the Cuban Giants. The old players retained are Carroll Jackson, Big Adams, Johnson, Boone, Tyler, Mason, Akers, and Givens. A number of good men are being tried out. The first game will be May 5 with the Maryland Meters, a semi-professional white team of Baltimore. Some of the best semi-professional teams will play here during the season. The Cuban Stars will for the first time be seen here, bringing with them Mendez, the black Mathewson.
