

The St. Paul Colored Gophers World's Colored Champions.

St. Paul Colored Gophers, who are at present on a tour of Northern Minnesota and the Dakotas lost their first game in 24 to Minot, N. D., last Sunday—After winning 22 straight victories. Lewis Johnson, a clever pitcher

and a former University of Illinois student, has joined the Gophers and pitched the Saturday game in Minot winning by a score of 11 to 1. Mgr. Williams is enthusiastic over his team's success, and predicts another victory in the coming world championship games to be played in St. Paul in July—vs. the famous Leland Giants of Chicago.
