

## ATHLETICS WILL PLAY HERE SUNDAY

**Fastest Organization From the  
Southern Half of State to  
Play Picketts Next**

The Fargo Athletics are scheduled for defeat at the hands of the Picketts on next Sunday afternoon if the local boys can give a satisfactory account of themselves. The Fargo Athletics, however, are players who have gained a reputation this season of being capable of delivering the goods, and are not to be confused with the Red Sox, the Fargo aggregation that made such a poor showing against the local team at the opening of the season. The Athletic's manager has been reaching out over the lower half of the state in an effort to pick up the best players available, and he has been successful in getting the best team together this season that has ever played under the title. The fans are assured of a good game of ball on next Sunday, the games that have already been played this season being evidence of the fact that the Picketts are not looking up scrub players, but are furnishing the best line of baseball that can be obtained.

Articles have been signed for two more games with Grafton, to be played on July 3 and 4, which gives assurance of a splendid contest on Independence day. It is possible that two games may be arranged on that day, but it is hardly probable as the committee in charge of the Fourth of July program has the arrangements for the day's entertainment practically complete.

On Sunday, June 19 a special train is to be run here from Thief River Falls, and another game between the Picketts and this fast semi-professional organization will undoubtedly attract a large crowd. The Colored Gophers of St. Paul will appear here on July 10.
