Cuban Clubs Also Denied Games in Chicago League, but Windy City Giants Remain.

Chicago, July 19.—Colored baseball teams, including the Cuban ball teams will hereafter be barred from participation in games with teams of the Chicago Baseball league. This unexpected action was taken yesterday at the regular meeting of the organization, and is peculiar in that the Chicago Giants, a colored team, will remain in the league. The only reason assigned for the move is that the

Cuban teams have been overrunning local territory for the last two years, and the bars are up principally against them. The ruling will work a hardship on the Start of Cuba, who have been figuring upon playing the Chicago league circuit after the Cuban Stars finish their present series.

Spike Anderson the well known Twin City outfield Star who has managed several League clubs has gotten together an aggregation of bright Stars carefully selecting his team, signing up several St. Paul and Minneapolis stars. Among them is our own Star Billy Williams, special messenger to Gov. Eberhart, who is considered one of the greatest colored ball players in the world, all of other members of this team are white. The Star correspondent wishes Billy good luck, we will always be on top with half a chance.
