

OCCIDENTALS HOPE TO WIN BOTH GAMES

Good Baseball Contests Are
Expected Tomorrow and
Sunday Afternoons on Ath-
letic Park Diamond

ANNIS IS TO WORK
AGAINST BUTLER

Carson Slated to Pitch the Sunday Game — Visitors Have Same Lineup as Dur- ing the Previous Visit

What are expected to prove two exceptionally good games of base ball are scheduled for tomorrow and Sunday afternoons at Athletic park when the Occidentals, of Los Angeles, and the San Diego team, champions of the California Winter league, meet for the second time this season.

In the first series the San Diego boys had all the better of the argument. For the first time this year the colored lads were defeated twice by the same team. Only twice before this season had the northerners met defeat, once when they played the Los Angeles Coast league team, and

again in a 12-inning contest with one of the best nines in Southern California. As a result of the two defeats they sustained at the hands of the San Diegans, the Occidental players are coming south tomorrow determined to win both games of the series.

Annis, the clever little south paw, is expected to do the pitching for the visitors tomorrow. Annis has always pitched good ball when working against the San Diego boys. When the Occidentals were last here he allowed the San Diego champions but four hits, though he lost the game. It was not until the last half of the 10th inning, however, that the locals were able to score the only run of the afternoon.

Sunday afternoon Smith is slated to work in the box for the Occidentals. In the one game which he has pitched on the local diamond Smith showed that he has plenty of speed and curves. He suffered somewhat by his inability to locate the pan and but for this fact would probably have held his opponents down to a few hits.

Ike Butler has been elected for the job of winning from the Occidentals

job of winning from the Occidentals in the game tomorrow. This will be the first time this season Ike has worked against the colored team and he is anxious to show what he can do. Sunday afternoon "Rueben" Carson is to have the heavy work. Hugh Kal-lackey is to do the catching in both the games.

Play tomorrow afternoon is to be started promptly at 2:30 o'clock with the teams announced to line up as follows:

Occidentals—Langley, catcher; Annis, pitcher; Cutter, first base; Robinson, second base; Hawkins, third base; Lane, short stop; Black, right field; Burns, center field; Middleton, left field.

San Diego—Kalackey, catcher; Butler, pitcher; Autry, first base; Bennett, second base; Downie, third base; McCarthy, short stop; Dickinson, right field; Carson, center field; Clynes, left field.
